Professional Knowledge Coursework

Pima JTED's Premier Program Series

Professional Knowledge Courses

Provisionally Certified Teachers are required to take a certain number of "Professional Knowledge" courses. On your Provisional Certificate in the "deficiencies" column it may say, for instance, Prof Knldg 9 SH. That means you need nine semester hours (SH) of coursework in Professional Knowledge. Each of our 15 hour courses earns one semester hour.

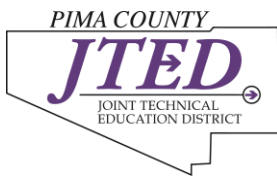

Each of the courses offered through the Pima JTED Premier Program Series has been approved by the Arizona Department of Education (A.D.E.). Teachers will receive an official A.D.E. certificate upon completion of each course. These certificates are accepted by the A.D.E. Certification Office to meet the "professional knowledge" requirement for Standard CTE Certification.

As a benefit to teachers there is **no charge** for these courses for teachers employed by Pima County JTED and our member districts (TUSD, Amphi, Vail, Rio Rico etc.) In fact, we offer our courses free to community members pursuing CTE Certification as a part of our effort to create a pipeline of teachers to fill teaching positions as they come open. Structured English Immersion (SEI) is the one course for which there is a charge, please see course description on page 5 for cost.

Because Pima JTED offers the following "Professional Knowledge" coursework required by the A.D.E. Certification Division, Pima JTED will no longer reimburse 50% of tuition if a teacher elects to take professional knowledge coursework through other providers.

Attendance at every course session is essential for success and mandatory for certification for each participant. In the event of an emergency, please contact our office at 520-352-5833 ext. 7105 to speak with Mary Andrade.

| <p>Course: <i>Assessing and Grading CTE Students</i></p> <p>Instructor: Curt Bertelsen</p> <p>1 Semester Hour (SH) ADE Credit for Provisionally Certified CTE Teachers. Requirement: 1 day + homework</p> <p style="text-align: center;">OR</p> <p>7.5 Hours Professional Growth for Standard Certified CTE Teachers. Requirement: 1 day no homework</p> | <p>Course Description: Assessing and grading are two different actions. Learn a variety of formative and summative assessment techniques. A major focus is how to assess student work using rubrics. When done well, assessing student work can: Provide feedback to instructors on their students' learning Provide feedback to students on their own learning Provide a means of communicating to students, parents, post-secondary schools, and future employers about a student's performance in their CTE class and potential for further success Be a source of motivation to students</p> <p>In this course you will develop your own philosophy of grading and will wrestle with issues such as Why we grade student work What we should grade How many points an assignment should be worth How many points should be earned in a grading period Allowing redo's. Requiring redo's. Make-up work. Amnesty Days. Extra Credit What grading scales can be used Who can grade student work Weighted Grades and Grading on a Curve</p> | <p>Date: November 15, 2016</p> <p>Location: Pima County JTED @ Master Pieces 2855 W. Master Pieces Dr. Building 4 / PD Classroom Tucson, AZ 85741</p> <p>Time: 8:00 a.m. – 4:00 a.m.</p> |

Workshops

Professional Growth Hours

The following workshops are designed for ALL CTE teachers (Provisionally or Standard Certified). Professional growth hour certificates will be awarded upon completion of each workshop. Teachers with a Standard CTE Certificate will need to complete 180 hours each six years to renew their Standard CTE Certificate for another six years.

| | | |
|---|--|--|
| <p>Workshop: <i>Technical Reading</i></p> <p>Instructor: Cathy Carey</p> <p>For: Provisionally Certified CTE Teacher and any Standard Certified CTE Teacher</p> <p>7.5 Hours Professional Growth for Standard Certified CTE Teachers. Requirement: 1 day no homework</p> | <p>Workshop Description: Your CTE classroom truly is the key to meaningful application of the current career and college readiness standards. This workshop will give you specific examples where Arizona's College and Career Readiness standards for technical reading already exist in your CTE program. It will also provide opportunities for you to incorporate additional standards into your lessons, AND give you strategies to use to increase your students' ability to read difficult technical information more effectively. Bring your textbook or a couple of industry journal articles to use for building close reading lessons to take back to your classroom the very next day. Come find out why CTE really is a powerful driver for creating literate employees for our 21st century workforce.</p> | <p>Date: February 17, 2017</p> <p>Location: Pima County JTED @ Master Pieces 2855 W. Master Pieces Dr. Building 4 / PD Classroom Tucson, AZ 85741</p> <p>Time: 8:00 a.m. – 4:00 p.m.</p> |
